

YEAR 1 (180 Credits)

sem 1

sem 2

sem 3

Subject Specific Modules

Compulsory (65)
Lab Placements
Systematic Review
Innovation 1
Research Methods

Optional (30)
e.g. Tissue Eng,
Biomaterials,
Biotribology, Stem
Cells

Research includes
poster and oral
presentation,
networking
conference,
research groups,
peer to peer
training

TPDP (15)

(70)

YEAR 2 (180 Credits)

sem 1

sem 2

sem 3

Subject Specific Modules

Compulsory (30)
External
Placements
Innovation 2

Optional (25)
e.g. Tissue Eng,
Biomaterials,
Biotribology, Stem
Cells

Research
networking
conference,
research groups,
peer to peer
training, Transfer
Report

TPDP (15)

PhD Research (110)

YEAR 3 (180 Credits)

sem 1

sem 2

sem 3

Continuing Professional Development/Skills training (TPDP)

PhD Research: Includes Innovation Mini-Placements, Annual Networking Conference, Project Workshop, Industry Workshop, Peer to Peer training

YEAR 4 (180 Credits)

sem 1

sem 2

sem 3
